MILITARY VALUE ENHANCEMENTS

CDR Rick Norris, USN (Retired)
SUBASE Realignment Coalition

MILITARY VALUE ENHANCEMENTS

What Have We Done to Improve Military
Value Since BRAC 1993?

What Can We Do to Enhance Military
Value?

- Identify Areas of Weakness
- Determine How We Can Assist to Improve Them

MILITARY VALUE ENHANCEMENTS

Operational Infrastructure	32%
Operational Training	71%
Port Characteristics	54%
Environment & Encroachment	64%
Personnel Support (Quality of Life)	64%

MILITARY VALUE ENHANCEMENTS

Personnel Support (Quality of Life)

- Housing
- Medical Care
- Education for families
- Other Services

MILITARY VALUE ENHANCEMENTS

Environment & Encroachment

- Dredging
- Land Constraints
- Encroachment
- Environmental Costs
- Waste Disposal
- Potable Water
- Natural Resource Consideration
- Air Quality

MILITARY VALUE ENHANCEMENTS

Port Characteristics

- Operational Location
- Strategic Location
- Port Restrictions
- Anti-Terrorism/Force Protection
- Locality Cost
- Supply and Storage

MILITARY VALUE ENHANCEMENTS

Operational Training

- Training Facilities
- OPAREAS/Ranges
- Small Arms Training
 - Received full value
 - Why spend the money

MILITARY VALUE ENHANCEMENTS

Operational Infrastructure

- Ship Berthing
- Ship Maintenance
- Specialized/Emergency Service
- Munitions Storage and Handling
- Operational Staff Facilities

MILITARY VALUE ENHANCEMENTS

Some Closing Thoughts

- Pursue those items that provide the best return on investment
- Do not be driven by cost only
- Take ownership of items that a particular level of government can do
- Partner as necessary to complete enhancement
- Act quickly
- Ensure base/community conditions correctly reported
